

Clickview: how to play a video/ podcast

Equally quick at BOTH campuses:

Start> all programs> education> Clickview Player

Click on video: go!

Clickview: how to use with a class

Play whole video

Play a chapter

Use “resources” (to add to resources see Library staff)

Clickview : how to take it home! Use a schoolbag

Schoolbag made easy:

Click on video (or chapter)

Go to File > open schoolbag

Select location > my computer > my computer > DATA(E): click OK

(If in search mode go back to digital library)

School bag will appear

Highlight video > add to school bag

When home > clickview player

File > open school bag

Select location > my computer > my computer > DATA (E): OK

School bag will appear, open and select video to play

Clickview: what's there

Use the search to look for keywords in titles, subjects etc. or

Use the website www.clickview.com.au > digital library > secondary
